SURGISCHEDULER™ LLC , A WEBSCHEDULER COMPANY, SIGNS LICENSE AGREEMENT WITH UNITED SURGICAL ASSISTANTS, INC. (USA) OF TAMPA, FLORIDA

SURGISCHEDULER LLC REAL-TIME, WEB-BASED SCHEDULING PROVIDES MULTI-SPECIALTY SURGICAL PRACTICE WITH CRITICAL COMPETITIVE ADVANTAGE

LAFAYETTE, CA – APRIL 22, 2004 – SurgiScheduler™ LLC announced today that it has signed an agreement to provide its web-based and PDA-enabled calendaring, management reporting and scheduling program to United Surgical Assistants, Inc. of Tampa, FL. United Surgical Assistants specializes in providing licensed, skilled, and surgically experienced Physician Assistants (PA's), and other credentialed medical specialty personnel to surgeons requiring a first assistant to aid them in surgical procedures.

This customized installation augments the prize-winning SurgiScheduler LLC web-hosted software with high-productivity medical registry billing, scheduling, reporting and management features. United Surgical Assistants, Inc. manages surgical cases hospital operating rooms and surgical centers throughout Western Florida.

SurgiScheduler LLC offers additional configurable web-hosted software products to small surgical groups and free-standing surgery centers. Allen S. Kent, CEO and co-founder of SurgiScheduler LLC, says, "This is the most sophisticated implementation of SurgiScheduler scheduling technology in our six year history. United Surgical Assistants will employ the SurgiScheduler ASP software to manage nearly its entire

operations and workflow from a client request for service to billing. Everyone interacts with it, every day, wherever they are.”

United Surgical Assistants, Inc. President Jim Tully, says, “There were a number of factors in our decision to select the SurgiScheduler technology, including its low cost due to the ASP delivery model, custom design, quick turnaround, and ease of training. We did extensive research into the web-based calendaring companies, and SurgiScheduler has proven to a reliable, innovative, and customer-service focused organization.”

About SurgiScheduler™ LLC

SurgiScheduler LLC is a six-year-old software development company whose mission is to provide innovative, high productivity scheduling, management and calendaring services using the ASP (Application Service Provider) model. The Company's proprietary products and Web-based delivery methods are designed to provide an alternative to costly phone and fax communications for the increasingly mobile work force in the U.S. and Europe. SurgiScheduler initially enabled the Kaiser Foundation Hospitals' Northern California Region to communicate service requests through an Internet connection directly to an outside vendor providing contract surgical services. Currently, thousands of critical scheduling transactions are posted each month on SurgiScheduler calendars. <http://www.surgischeduler.com>

About United Surgical Assistants, Inc.

United Surgical Assistants, Inc. specializes in providing exceptionally skilled, surgically experienced Physician Assistants (PA)s to surgeons requiring a first assistant to aid them in performing surgical procedures. USA's goal is to function in partnership with surgical practices to enhance each surgeon's productivity, reduce the surgical practice overhead, augment surgical performance, deliver exceptional patient care, and reduce patient anesthesia time. USA has a full compliment of surgically experienced Physician Assistants, including PAs with extensive backgrounds in most surgical specialties. www.myusapa.com
